

13
February 12, 1962.

Dear Jim:

Underseparate cover, I am sending you the reports for December and January.

There is some misunderstanding on the Areas Nos. 13 and 14 for Mrs. C. L. Bridgen and Mr. W. A. Warren. As soon as this is straightened out, I will let you know.

There is a remote possibility that not all the reports are in as yet, but I may be being optimistic. However, as they come in I will forward them more promptly.

You told me when you were in Montreal that you had some reports for me. I suggest that you send me just the area number and the total number of observations for the present, if you please. This will enable me to have these on record if you think they should be included in the Montreal Centre's report.

Hope you are enjoying good seeing and with cordial regards, I am,

Yours truly,

Dorothy Yane

(Mrs. M. I. Yane)
