St. Lambert, P.4.
August 20, 1962

Dear Mr. Buntain,

Thank you for the reports
for the month of June.

Have you seen Comet Humason
yet? I have received no reports as
yet, and I have failed to see it my-
self, as yet --- partly because of
very unfavourable weather.

Best regards and good observing
to you and the Hamilton Centre.

Yours truly,

Jim Low
