

411 Buxton Avenue  
St. Lambert, P.Q.

March 17, 1963

Dear Mr. Drew,

Enclosed are the forms used in the Comet and Nova section of the R.A.S.C., and the latest "Announcements" and "Bulletin." I have put the Regina Astronomical Society on my mailing list for C+N material, and if your society is interested in this activity, please let me know, and I will send more copies of the instruction and report forms.

Have any members of your society observed Comet Ikeya, or the nova yet? If you have, I would be interested in receiving copies of reports, if possible.

Best regards, and I hope to hear from you soon.

Good Observing,

Jim Low
