"	24	6.6	T	Feb 22 5.1 D
"	24	6.8	D	" 25 5.1 D
"	24	6.9	S	" 26 5.2 D
"	25	7.0	T	forgot about these
"	25	7.1*	D	early ones...
"	27	6.9	T	
"	27	6.9	S	
"	28	7.2*	D	
May	7	7.3*	S	
	20	7.6*	D	

That's it so far Jim. I should receive some more for the first weeks of May soon.

It was indeed a pleasure to see you and your pals of Montreal Centre at the Assembly. Have you any estimates from any observers for the period between March 14 and ~~May~~^{Apr.} 2? There is a sparsely filled gap there.

Keep observing + good luck

Terry
