

411 Brixton Avenue
 St. Lambert, P.Q.
 24 October, 1963

Dear Mr. Dickinson,

These are the latest estimates of Nova Herculis I have received. All are by Mr. H. N. A. Maclean of the Niagara Falls Centre.

August	1	8.4	August	22	8.6
	3	8.5		25	8.6
	4	8.4		26	8.6
	5	8.3		30	8.8
	7	8.4		31	8.8
	8	8.4	Sept.	1	8.8
	9	8.6		9	8.8
	14	8.6		10	8.6
	15	8.6		11	8.7
	18	8.6		15	9.0
	19	8.6		16	9.1
	20	8.6		17	9.2
	21	8.6		18	9.3
				24	9.2
				25	9.2
				26	9.2

I am ashamed to say that I made no observations myself for some time. I've had ~~so~~ much paper work, that I have had no time for observing! I expect that you are having the same problem in the Variable Star Section.

Best regards, and good observing,

Jim Low
