Dear Mr. Mott,

First, I hope I have the spelling of your name right.

When I spoke to you at the General Assembly, you asked me to send you information on the section of which I am Coordinator. Enclosed are copies of all five instructions and report forms, and copies of my "Bulletins" and "Announcements" of which I still have extra copies. As you can see, it can run into a lot of paper work. I now spend much of my spare time on paper work, and only a little time left for observing. However, I enjoy this work.

Let me know how your section does when you get it going. I have put your name on my mailing list for future "Bulletins".

Best regards, and good observing,

Jim Low
