Attn: Mrs Fidler

Dear Mrs. Fidler,

Enclosed is the suggested draft of Bulletin No. 9 of the Comet and Nova Section. I believe Miss Williamson told you to expect this. I have not enclosed a mailing list since there is little change from when I issued a Bulletin in July. Do you still have the copy of my last mailing list? If not, drop me a card, and I will prepare a new one. The only changes are:

Delete: David Levy

Add: Mark Gerasimoff
2604 Tourangeau Road
Windsor, Ontario

As usual, could you please send me about ten extra copies.

By the way, information is included on three new comets, but new information could reach you from the I.A.U. before you prepare this Bulletin. If you receive an ephemeris on Ikeya-Everhard, or a revised one for Kilston, you might add them at the end of the Bulletin. If you do, would you please make note of the fact that it was added at the last moment? To make room for such an addition, you may delete the section "NOTES" except for the last sentence (change of address).

Best regards,

Jim Low

cc Miss I.K. Williamson
