Hi!

As you can see I finally got the October reports posted and here they are, plus 2 reports from September. You may be interested to know why my reports are done on photostat forms. I ran out of regular forms and I was in a hurry to get them filled out so I took all the quarters, dimes & nickels I could find and I went down to the library where ~~there~~ a photostat machine could give me more forms at 10¢ a form. This month's reports cost me \$1.30.

Enclosed is a copy of the summary I sent to Mrs. Lane. I don't think you can use it but I thought you may want a copy for reference.

See you.

David Levy
