

Box 172, AMF Postal Station
Montreal International Airport
Dorval, P.Q.

April 2, 1967.

Dear Mr. Pritchett,

Thank-you for your letter of March 5, and for the report on Comet Wild. I received your letter just recently, as it was sent to my old address. Please note my new address, as above.

I am pleased that your Society is interested in participating in the Comet and Nova Section, and I have enclosed the instruction and report forms (C & N Forms 1 to 5). Also enclosed are copies of the last few Bulletins and Announcements of this section, with the exception of the latest Bulletin. Bulletin #9 was mailed out only last week, and I have not received my extra copies as yet. I will ask the National Office to send you one, if they have not already done so.

Mrs. Fidler forwarded the Comet Wild observations that you had sent to her, so that I now have two copies of the report. Reports on Comets and Novae that you wish to report to the R.A.S.C. need be sent only to me.

The enclosed forms should be self-explanatory, but if you have any problems, just let me know.

Will you be in Montreal for the R.A.S.C. General Assembly and for EXPO? If so, I hope to meet you. I may, however, be out of town for part of the General Assembly on May 20.

Best regards, and good observing,

Jim Low

Jim Low, National Coordinator
Comet and Nova Section
Standing Committee on Observational Activities
Royal Astronomical Society of Canada

cc. Mrs. Fidler, National Office.
