Dear Mr. Low,-

Sorry about this long delay in getting  
the enclosed Negative Search Reports on the way to you.  
They are the ones for March to August 1968.

Incidentally, I am now out of these forms and  
would appreciate some if they are available.

At the presentation of the Society's Gold  
Medal, my wife was talking to Norman Green  
about the good times we had at the General Assembly  
in Calgary and where we travelled afterwards.  
we were sorry to hear that you had a bout  
of flu while you were at the west coast.

I have had a few peeks at Comet Honda  
the past couple of weeks but have been bothered  
by very hazy conditions.

Best Regards.

Hugh Maclean.
