Mr. J. Low,
100 Spadina Rd.,
Toronto 179.

Dear Jim;

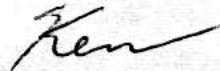

As you know, I have been appointed to look into the reasons for the apparent failure of the National Observing Programme. Could you please let me know what your opinions are regarding the failure of the programme? Could you also indicate what you did, ie: bulletins released, approximate correspondence etc.?

Could you please send along some suggestions for the improvement of the programme?

I know that you are remaining interested and I value your opinions greatly. Looking forward to receiving your report. Thanks.

Also, I am looking forward to seeing you here next year.

All the best!
Sincerely,

K.E. Chilton, Chairman,
Committee of Coordinators
