

Prof. Kirkwood

Riverside, Cal. June 6, 1891.

G. E. Lumsden Esq.:

Dear Sir, -

Accept thanks for  
your favor of May 27, with  
the first annual Report.  
On p. 29, I notice what I  
suppose to be a typograph-  
ical error.

On the 8th p. from the bottom  
for Jupiter read Neptune.  
and on the 5th l. from bottom  
for axis read axial.

It is not important, how-  
ever, and need scarcely  
be noticed.

With much interest  
in the Society, I remain

Yours very truly

Daniel Kirkwood,
