

Allegheny Observatory,

Allegheny, Pennsylvania.

Jan 2 1893

G. E. Sumner, Esq.,
Corresponding Secretary of the
Astronomical and Physical Society of Toronto.

My Dear Mr. Sumner,

I beg to thank you very sincerely for your letter of December 26th. It will give me great pleasure to become a Corresponding member of your society, the good work of which is well known to me. I feel however this hesitation - that I am a member now of more societies than I can do justice to, and my correspondence must be limited - but if you can overlook an apparent lack of interest due to this cause, I shall be glad to have my name enrolled on your list.

Yours very sincerely,
James E. Keeler.
